# Little About Us

TOPCertifier, (a division of Veave Technologies) is a consulting firm providing Business Advisory, Training, Process Consultation and Certification services. We operate in over 40 countries and have more than 150 consultants and auditors servicing our clients around the world.

We have successfully executed over 7000 projects. Our consultants and auditors come from many different backgrounds and are united by a set of shared values. They deliver certification, with simple documentation and minimal efforts from our customers.

We focus on practices which could increase your bottom-line than just sticking to standard guidelines. All our customers have reported increase in sales, brand recognition, employee retention and as a result increased profits due to our certification services.

We handle end-to-end turnkey projects. From advising what certifications would give you maximum return on investments, which certification body to choose, gap analysis, documentation, training, internal audits and organize external audits. We are your one-stop solution provider.

## Why Work With TOPCertifier ?

With over two decades of experience in consulting, we have completed over 8000 projects in 30 different standards across 40 countries. Our primary focus has always been improving the efficiency in the client's organization. We firmly believe that with the right practices put in place, certification is just a by-product. All our consultants are certified lead auditors and industry experts who approach every detail requires for your organization to be certified and help you with continual improvement. We offer a simplified certification process with minimum documentation and thus focus on training as well as improvement of the bottom-line. We extend regular visits to ensure compliance & support during surveillance audit and also provide post-certification support. With a promise of end-to-end responsibility, we are a one-stop solution for consulting, training, audit and certification.

Our services and expertise span across various industry segments, with majority of our clients belonging to IT/ITES, manufacturing, government, and services. Our services include product as well as corporate certification in over 30 different standards. Apart from consulting and certification, our experts deliver high-quality services in application development and support, information security services, digital marketing , training, and staff augmentation.
